\$begingroup\$ Yep. This is a lithium primary battery - meaning not rechargeable. Very common to hear of lithium secondary batteries - the typical lithium-ion rechargeable you'll find in a phone, etc. It's easy to confuse the two, but they are completely different. These lithium primary batteries have great long-term storage, work well when very cold, and can put out a ...

It has also been proven by a Southern Louisiana University researcher, as noted by Consumer Reports, that batteries from places like Dollar General actually have fewer watts of power when compared with other brands like Energizer and Duracell. According to Kiplinger, If you're looking for options that will last and get more for your money, it is best to purchase ...
