

Akon solar energy company

Akon just unveiled his \$6 billion "futuristic" city in Senegal. The reviews are mixed. ... His solar energy company, Akon Lighting Africa, provides electricity to rural villages in 14 countries.

Akon founded the solar project in partnership with two visionary co-founders, Thione Niang, a passionate Senegalese political activist, and Samba Bathily, a successful entrepreneur and CEO of solar company Solektra International. The co-founders understand that rural African communities require more than just temporary aid from foreign donors.

Find your audience. Akoin is a new cryptocurrency from visionary changemaker Akon and is the foundation of the Akoin Ecosystem. Growing up, Akon knew the struggles of living in the dark once the sun went down. The town in Senegal that he grew up in, like many others, had no access to running water or power.
