Weather Resistant Reolink Solar Panel, Get Non-Stop Solar Power, Continuous Charging for Your Reolink Argus Eco, Argus PT Pro, Argus 3 Pro, Argus 2E, Reolink Go Plus, Reolink Go PT Plus, etc. Keep your wireless Reolink battery-powered cameras continuously charged and powered with green solar energy.

Rechargeable battery, with solar panel option. Completely wireless. Lots of customization options. Cons. Lacks smart home integration and other advanced features. Our Verdict. The Argus 2 is...

Please select a position with the maximum sunlight exposure throughout the year for your solar panel. For Reolink Solar Panel, it only needs a few hours of direct sunlight exposure to sufficiently power your camera daily.

It's strongly advised to use Reolink Solar Panel as the companion, which can ensure your camera receives a continuous power supply. In continuous trigger and one-time full charge, the batteries will last about 15 hours in day mode or 9 hours with IR lights on at night mode.

Getting Started with Argus 2/Argus Pro. If you have ordered the Argus 2/Argus Pro or if you are interested in this camera model, and want to get some basic information about this product before putting it in use or placing the order, you may refer to the below introduction.
