It's just hands down one of the best states to purchase a unit for your property and connect it to the grid. New Mexico solar rays offer more than just clean light for your home; they also give you more control over your utility ...

I work in the solar industry and they have a great reputation as a solid, locally-based, employee-owned company. DO NOT go with a national one like Sunrun, Palmetto, etc. They have bad customer service and they'll steer you into a PPA (fancy acronym for lease) and you'll be screwed. The solar industry is like car sales 30 years ago.
