BLUETTI Solar + is an innovative and cost-effective solution for integrating both solar and battery systems into your home at a price comparable to what our competitors charge for solar alone. We understand that the key to unlocking substantial long-term savings with solar lies in the effective combination of solar panels and battery storage.

BLUETTI sent me the solar panel to try out and share my honest opinion. To evaluate its effectiveness, I paired it with the BLUETTI EB55 portable power station. The idea was to test the solar panel and power station for charging our camping kit, including lanterns, a portable speaker, phones, and headlamps (6 x AAA batteries).
