Customers say the Duracell 2032 3V Lithium Coin Battery is a reliable and long-lasting power source, ideal for various devices such as key fobs and Apple AirTags. Many appreciate the added safety features, including a bitter coating to deter children from swallowing the batteries and child-proof packaging.

4-pack of Energizer 2032 Batteries; 3V lithium coin batteries perform in extreme temperatures from -22 F to 140 F; Long lasting toy, health monitor and remote batteries; Coin cell batteries hold power for up to 10-years in storage; CR2032 3V lithium coin battery enclosed in child-resistant packaging to help keep kids safe from ingestion

As far as service life this will depend greatly on the application. A CR2032 battery in a car key fob may last up to 4-5 years before needing replacement as the use of the battery is very intermittent. A more active device such as the new Apple Air Tag which allows constant tracking of objects will only last about a year.

Overall, the Panasonic CR2032 lithium coin cell battery is a reliable and versatile power source for a wide range of electronic devices. Its small size, long shelf life, and high energy output make it a popular choice for various applications. With a variety of part numbers available, it is easy to find and replace this battery in your device.
