SO for add tanking i would say Ice fire atomic rage, are all great add tanking powers, BECAUSE, you can do the infinite holding loop on ads, Which is knock the adds down wait for adds to stand up do another knockdown effect wait for the tog et up hit them with chromomantic emitters to stun lock again, then back into your rotation for your power ...

" Whats the best power to solo older raids both elite and norm sorry first time poster hope this is the right place! Having used a number of powersets I think that for older content one of the best ones is Gadgets - personally it is my favourite (though I have alts with others).

Hand blast and dual pistol are also better for hybrid healers who need to replenish power, for the same reason. That said, my healer has martial arts and brawling for the shuriken mastery, just to be different. One-handed, in my opinion, is good for tanks because it has a good lunge, AND is pretty quick if you want the shield mod.

Water players bend water, summon constructs, and manipulate the tides to heal allies and defend what is good, on land and in the seas. This power is available by buying it from Marketplace with 600 Station Cash.. Water DPS guide is updated to GU74. You can check videos from DCUO rs below to learn more about other loadouts and rotations.

Nature wield poisonous botanical powers to restrain and overwhelm your enemies and to soothe the wounds of allies. This power is available for all players for FREE during Character Creation.. Nature Healer guide is updated to GU73. You can check videos from DCUO rs below to learn more about other loadouts and rotations.

Unlike the Tank and Heal powersets all of the Control powersets have the exact same tools and do the exact same thing. The only exception is Light does not have a personal detaunt shield. You can literally pick any of those powersets and you'll be using the same loadout formula: Damage Debuff | Defense Debuff | Heal Debuff | Power Heal/Weapon Buff | Personal ...

[Top 5] DCUO Best Tank Powers That Are Excellent (2022 Edition) Become an Army of One This is a public service announcement. With the rising threats of more and more exobyte villains running around the streets of our dear Metropolis, we would like strong fighters to consider joining the Science Police to help keep our streets safe.

Ironically, you have the best healer power in the game currently. At the moment, yes water dps is not the best. Before you switch over to another power give healing a shot. You've already got the best raid solo healer in your pocket. But if you really want to just dps, electricity, nature/sorcery, celestial, water.

Also worth noting that as stated above, I want to level a new character anyway for the deathly quiet times of day around server reset that I regularly find to be my primary hours of play, for that reason I'd ideally like a

very strong solo power that has a good kill speed (the latter being something I consider intrinsic to being considered a ...

There's no power that will benefit you the most. All powers have the same type of abilities. For example, all tank powers have a shield ability and a pull-in adds ability while the rest are power-animation specific abilities.

Light players assault their enemies with hard light constructs and support their allies to keep them in the fight. Heroes wield the green power of Will, while villains use the yellow power of Fear.. This power is available by buying it from Marketplace with 600 Station Cash. Light DPS guide is updated to GU73. You can check videos from DCUO rs below to learn more about ...

Electric has the highest crits of any heal power (because it's pure burst) and because its purely a reactive based heal it's arguably the hardest to heal with. I solo healed TSWE tonight and it was stressful but more due to the fact of the nagging thought of if I died the group was screwed. This is a bigger deal at 1st and 2nd boss.

Light lacks a aggro dump shield that others have but is still able to do it's power combos. Other than those it's mostly what color or animation you like. They all give the same amount of power, same amount of buff and same amount/duration of debuffs.

Rotation Tips. Main Sorcery Loadout requires a lot of power to use their rotation which is why players should use their superpowers wisely to avoid being outpowered. This can be done by mixing weapon attacks for solos situations; ...

depends on playstyle. All powers got something good, some are good single target dps, others AOE damage etc etc. If i were you, i would choose what looks the best in the way you want to play, if you want to be a tank or whatever.

Rotation Tips. Main Sorcery Loadout requires a lot of power to use their rotation which is why players should use their superpowers wisely to avoid being outpowered. This can be done by mixing weapon attacks for solos situations; Solo Rotation allows player to spend low power in battle by using only necessary superpowers making it viable for solo situations (Challenges, ...

DC Universe Online! Members Online o iFrieze. ADMIN MOD Best DPS Power . Gameplay Query I'm a returning player and I would like to know what's the best dps power right now (all powers included). Choosing your power in DC Universe Online is a big moment for all avid players. This is the moment you choose your path to victory. There are 15 powers in total for you to choose from, but each power will essentially provide you with the tools you need to perform within one of the three major roles that exist within all MMOs.

For F2P, I like Sorc for solo using the tanking pet and you can focus on using weapons with a few supporting abilities, simple to change up loadout for more pure DPS or healing for group play ...

Rotation Tips. Solo Rotation allows player to be powered all the time by spending low power in battle; Alerts and Raids Rotation has high-power consumption making it only viable when a controller is in the group.; These Rotations focus on dealing heavy damage with Plasma Burn effects. It is vital to have your enemies Plasma Burned all the time (Relentless Anger [4M], ...

Posts are either outdated, like 2016 outdated or very contradictory. For example rage, some posts say its best solo power, high dmg, hard to die while others say rage is not good pick, its melee only, with almost no AOE and its not good fit for beginners.
