Freedom Forever Solar is known for causing delays in the installation process, although the company mentions on its website that the delays are usually caused by local utility companies. The normal installation timeline from first contact to a functioning system is between four and six months, but Freedom Forever can take significantly longer.

Freedom Forever is a residential solar installation company that executes best-in-class Engineering, Procurement, and Construction (EPC) for our dealer partners. We do not sell directly to homeowners. Our independent dealer partners are some of the most successful solar sales companies in the industry.

Discover what the best solar companies in Crawford County, PA are, according to the EnergySage solar installer ranking system. ... Some solar companies rely on subcontractors to perform some-or all-the work during your solar installation. Don't let this put you off: It's entirely standard procedure in the industry. ...

There isn't a breach of contract because you haven't signed a contract nor a warranty transfer with the solar company itself, though maybe a lawyer will have a different interpretation. A common issue with transfers to new owners is that the system was built for the original owner's usage, it might not cover everything for the new owner.

Don crawford freedom solar company
