Power interruptions of any length are often accompanied by voltage fluctuations which may damage electronic equipment such as a security system. After a power interruption has occurred, immediately conduct a complete system test to ensure that the system operates as intended. Failure of Replaceable Batteries

What Does The Yellow Trouble Light On My DSC Keypad Mean? The yellow trouble light indicates a system problem of some sort. To find out the cause of the trouble light, press *2 on your keypad. On a LCD keypad: 1 is a system problem, press 1 again for more detail. At this point, 1 means low battery, check/replace it.
