The 12 kWh Home Battery Backup System provides you with reliable emergency home backup power. The Yeti PRO handles heavy-duty appliances, lighting, Wi-Fi and medical devices with ease and powers more for longer thanks to its efficient inverter technology. This Kit comes with 12, 000 Wh output allowing you to run almost any home appliance.

A single battery may not be able to power your whole home, so you'll need to prioritize what's essential, such as lights, outlets, air conditioning, the sump pump, and so on. But if you want to run everything in your house, some systems allow you to stack or piggyback more than one unit to achieve the level of backup you need.

A very cool feature of the Goal Zero Lighthouse 600 is its built-in 5,200mAh battery. You can use this battery to charge devices like your phone. In an emergency, you could crank the lantern to fill the battery, attach the lantern to a portable solar panel, and then connect your phone to the lantern.

Home battery storage systems have skyrocketed in popularity during the past few years for many different reasons. Besides the obvious fact that they provide clean power, more and more people are recognizing that the grid isn't always reliable.
