

Emergency solar power station

An emergency solar kit is like a superhero utility belt, but instead of magic lassos and grappling hooks, it's got everything you need to generate power from the sun. You can use this power to light up your rooms and power your devices when the power grid goes down.

The Jackery Explorer 1000's versatility, design and overall value make it our staff's pick for the best overall emergency solar power kit. It has the power to effortlessly keep you juiced during everything from camping and fishing trips to SHTF situations and household emergencies. For most scenarios, it checks all the key boxes including:
