

Florida solar power amendment

Solar power advocates in Florida are in an uproar over a ballot amendment they say is masquerading as pro-solar. The measure, known as Amendment 1, sounds good on paper. It "establishes a right under Florida's constitution for consumers to own or lease solar equipment installed on their property to generate electricity for their own use ...

How Florida votes on Election Day will determine whether Amendment 1 results in success for the utilities that have spent \$20+ million backing this "deceptive" attack on rooftop solar, or a David versus Goliath win for solar supporters.. Regardless of the outcome, the #NoOn1 campaign has generated a groundswell of grassroots opposition to utilities" misleading ...
