Focus on energy solar rebate

Reduction Act (IRA), Wisconsin has been allocated \$149 million for Home Energy Rebates. Focus on Energy was chosen by the Public Service Commission of Wisconsin to deliver the IRA Home Energy Rebate Programs.

This is a federal government scheme and is sometimes called the "solar rebate". The scheme is being phased out by 2030, a sensible gradual change which reflects the continuing cost reduction in solar systems. STCs reduce the upfront cost of a solar installation.
