Form Energy Employees I apologize if there's a better sub for this, but I didn't see one for the business itself, and feel my post would get lost in a generic jobs sub. If there is a better place for this post, please let me know.

Form Energy has had a pilot facility in Cambridge, Minnesota operational since 2020. It's obviously worked well enough for investors to be happy to hand them a considerable amount of money. I don't think that is how it works. It might make sense to invest in a project that has significant chances of not working (ie being not economically viable ...

Form Factory 1 is Form Energy's first high-volume battery manufacturing facility located in Weirton, West Virginia at the site of the former Weirton Steel plant. The facility will ultimately employ more than 750 people and will have an annual production capacity of 500 megawatts of batteries when operating at full capacity.
