

Free solar energy

Solar renewable energy certificates (SRECs): Solar owners can earn one SREC for every 1,000 kilowatts of energy their solar panels produce. Owners can then sell these to local utilities or other ...

While fall is just around the corner and temperatures will ease up, it's not too late to take advantage of the Fresno EOC Free Home Solar program, offering free solar panels to qualifying homeowners. The solar panel system and installation are 100% free. Fresno homeowner, Dale Armstrong, saved on his last bill thanks to the program.

The potential for solar energy to be harnessed as solar power is enormous, since about 200,000 times the world's total daily electric-generating capacity is received by Earth every day in the form of solar energy. Unfortunately, though solar energy itself is free, the high cost of its collection, conversion, and storage still limits its exploitation in many places.

Immediate Savings: Lower your monthly electricity bill by up to 20%**, with no upfront costs or hidden fees.
Clean, Renewable Energy: Reduce your carbon footprint and generate clean energy for your home. Free
Maintenance: We take care of installation, maintenance and repairs. To be eligible for this program, your household income must be \$150,000 or less per year.
