

Full solar system drawing

At the bottom left corner of your drawing area, draw a large half circle, this will depict the sun. Continue drawing the curving line pattern leading to the furthest top right corner. Overlapping each of the previously drawn solar system rings, draw each of the planets on each ring according to their size and shape.

Every planet in the solar system orbits around the sun. To show this in your drawing, draw a curved path coming off of the top and bottom of each planet. Extend the paths toward the Sun and off the edge of the page to show that each planet travels around the sun. Make sure none of the orbital paths you draw intersect with each other.
