

You will see simplified product names and streamlined labels to easily navigate our industrial product portfolio. ... LITHIUM. LiFTFORCE LPX 2.0. M-Series Li510. Legacy GNB Battery. New M-Series Battery. Our M-Series Li510 lithium-ion batteries deliver faster charging, greater efficiency and increased cycle life, all in a maintenance-free ...

These batteries can replace the discontinued Marathon and Sprinter series that were manufactured by GNB Industrial Power in the USA. The European versions of these batteries are made at the same plant as the Sonnenschein brand that is owned by Exide. The European Marathon and Sprinter are superior products to the North American equivalent as ...

GNB® Industrial Power EHF SERIES(TM) Family of Chargers EHF Chargers The EHF Series(TM) provide a multi-curve range for standard flooded, low maintenance flooded and low maintenance valve regulated batteries. This smart charger includes multiple algorithms appropriate for our Element®, GNB®;

Quality Counts! GNB Network Power's state of the art manufacturing facilities in Columbus, Georgia and Fort Smith, Arkansas, USA are certified to ISO 9001 (quality) and ISO 14001 (environmental) standards. How Fast!

Las baterías CMX cuentan con la tecnología a tubular redonda de GNB para tiempos de funcionamiento más largos. Las baterías CMX pueden alcanzar hasta 1800 ciclos al 80% de profundidad de descarga (DOD). Ideal para aplicaciones de carga de oportunidad. Mejor cuando se combina con cargadores GNB Industrial Power. Ver más detalles

GNB Industrial Power Product List. GNB Industrial Power Product List. Home; Products. CATV/Broadband; Emergency Lighting; Railway Equipment ... 2 / CATV/Broadband 3 / Emergency Lighting 1 / Railway Equipment 4 / Renewable Energy 2 / Security 1 / Telecom 7 / Uninterruptible Power Supply 8 / Utility 8 . Absolyte Single Cell Modules. Absolyte®; GP ...

Network Power & Product Overview Industrial Batteries The strong range of Network Power Energy storage solutions for critical systems that require uninterrupted power supply. GNB® Industrial Power offers powerful batteries for your individual needs. The below table is only indicative and depends on customers' specific applications.

GNB Industrial Power (UK) Limited are a division of Exide Technologies, one of the world's largest producers and recyclers of lead-acid batteries. GNB provide a comprehensive range of stored electrical energy products and services for industrial and transportation applications. Industrial markets include motive power applications such as fork

Gnb industrial power

Strong brand for a unique product technology developed by GNB®; Industrial Power: MARATHON Excell stand both for super-low maintenance batteries incorporating proven tubular plate technology and the latest battery and charger design. The TENSOR brand stands for the innovative high-power battery made by GNB®; Industrial Power.

The Stryten Energy (Previously GNB Industrial Power) EHY family of revolutionary battery chargers is based on an architecture of high efficiency, and software-defined charge control for flooded-cell industrial batteries. When used with Lead-Acid batteries, the ultra-filtered output current and the unique control algorithm ensure a perfect ...

IBCI Named Manufacturer's Representative for GNB Industrial Power Charlotte, NC, October 5, 2021 - Industrial Battery & Charger, Inc., the largest motive and stationary power applications provider in the Southeast, [...] Do You Speak Auto Battery?

GNB Network Power features factory quick ship inventory programs for Absolyte 2 Volt VRLA batteries and Marathon-Sprinter VRLA bloc batteries. 1 - 5 day lead times are available for many popular models. Exide Technologies, parent company of GNB Network Power, is one of the largest lead recycling companies in the United States.

technology batteries for most Motive Power applications. Sonnenschein was established in 1910 and under this brand, the famous dryfi t®; technology was invented. The TENSOR brand stands for the innovative high-power battery made by GNB &®; Industrial Power. Based on many years of experience with the CSM technology for submarine batteries and ...

The company's GNB Industrial Power division will be rebranded to Stryten Energy to unify under the Stryten Energy company name. Read More . 6 Myths About Automotive Batteries. March 8, 2022; Based on the age of the lead battery industry, it's easy to see why there are many myths about automotive batteries. The lead battery has been used in ...

SECTION 26.12 2012-09 A Division of Exide Technologies &®; &®; SECTION 26.12 2012-09 GNB Industrial Power, a division of Exide Technologies, is a global leader in network power applications including

GNB Industrial Power - Stored energy solutions for motive and network power applications. AMERICAS. For information on Stryten Energy (formerly GNB Industrial Power) solutions in ...

2 Network Power > Product overview The powerful range of Network Power Industrial Batteries GNB®; Industrial Power offers reliable energy storage solutions for critical systems requiring uninterrupted power supply. With a comprehensive product range based on state-of-the-art technologies, GNB delivers the right battery for every

GNB Industrial Power 3-100G25 VRLA AGM Battery 1360 Amp-hour 6 Volts DC. The store will not work

Gnb industrial power

correctly when cookies are disabled. Never pay more than \$399 for shipping on orders under \$9,999. Enjoy free shipping on orders \$9,999 and up. ... GNB Industrial 1360Ah 6VDC VRLA Battery. The Absolyte GP battery is of the valve-regulated lead-acid ...

The SPRINTER family of batteries highlights another example of GNB Network Power's extensive experience and world-wide leadership in VRLA technology. "Designed in" Quality Manufacturing

GNB Industrial Power, a division of Exide Technologies, is a global leader in network power applications including communication/data networks, UPS systems for computers and control systems, electrical power generation and distribution systems, as well as a wide range of other industrial standby power applications. With a strong

GNB Industrial Power - Stored energy solutions for motive and network power applications. Stored energy solutions for motive and network power applications. For information on Stryten Energy (formerly GNB Industrial Power) solutions in North America, South America and the Caribbean, please click below.

GNB Industrial Power offers reliable energy storage solutions for critical systems requiring uninterrupted power supply. With a comprehensive product range based on state-of-the-art ...

GNB Network Power stationary batteries are used as emergency backup power for many railway applications. To learn how the following products can meet your railway or stationary equipment power needs contact our Sales Department by calling 866-324-4410 .

GNB Industrial Power, a division of Exide Technologies, LLC, announced the launch of a new lithium-ion battery that takes motive power battery performance to the next level. The GNB LiFTFORCE LPX 2.0 has greater energy density, improved integration and communication capabilities and a wider application range.

GNB AT30 Series and GNB AT10.1 Series battery chargers to fulfill your demands. ... Combining the performance and accuracy of a microprocessor with the reliability of SCR power conversion technology makes the AT Series the standard in stationary battery chargers. ATs are easy to install, operate and maintain. ...

GNB Absolyte is UL Recognized, ISO 9001:2000, Designed to meet Telcordia SR-4228 and is also NEBS Level 3 Certified. The GNB Absolyte product offers one of the most sophisticated and reliable post seals in the industry. For more information on Marathon Front Terminal batteries, please visit or

GNB Industrial Power, also known as Stryten Motive Power, utilizes innovative technology and industry expertise to develop their comprehensive portfolio of high-quality advanced motive power solutions. Fury Power Chargers, a state-of-the-art charger innovation, has the ability to be configured for standard, opportunity or fast charging to meet ...
