

Stationary battery manufacturer Hithium has signed on to supply 5GWh of battery capacity to global energy storage platform provider Powin, LLC. The duration of the deal is three years, with the two companies having signed their first agreement earlier in 2023 for the delivery of at least 1.5GWh. Hithium will provide Powin with the agreed-upon energy storage capacity ...

MESQUITE, Texas, July 12, 2024 /PRNewswire/ -- Hithium Tech USA Inc., a subsidiary of Xiamen Hithium Energy Storage Technology Co., Ltd. (Hithium), a leading manufacturer of...

Hithium Energy Storage Technologies Co. (Hithium) has closed Series C funding round of over RMB 4.5 billion (\$622 million) to advance its stationary energy storage products. ... According to the report, Xiamen Hithium Energy Storage Technology, whose product portfolio includes square and cylindrical batteries, battery modules and clusters and ...

High energy density means less space required for HiTHIUM storage products and thus lower costs (especially for large-scale projects). At the same time, due to the above-average operating temperature range, use of HiTHIUM products is possible even under harsh climatic conditions from -30 to +60 °C.

Hithium has announced a new 5 MegaWatt hours (MWh) container product using the standard 20-foot container structure. The more compact second generation (ESS 2.0), higher-capacity energy storage system will come pre-installed and ready to connect. It will be outfitted with 48 battery modules based on the manufacturer's new 314 Ah LFP cells, each module ...

HiTHIUM Energy Storage has 1 employees across 3 locations and \$520 m in annual revenue in Y 2022. See insights on HiTHIUM Energy Storage including office locations, competitors, revenue, financials, executives, subsidiaries and more at Craft.

"The new facility will accelerate Hithium's development and production of energy storage system products for the U.S. market while also boosting the Mesquite area's economic growth and development," said Jeff Wu, Chairman of Hithium.

From April 16th to 17th, the BloombergNEF (BNEF) Summit was held in New York, USA.
