## Lighthouse solar company

PowerHouse Solar provides solar energy solutions for homes and businesses in northern California. Family owned and operated since 2003. Solar electric systems, battery back up, pool heating, whole house fans, and Sun Tunn... Yelp users haven't asked any questions yet about PowerHouse Solar.

In my opinion, Lighthouse Solar is among the best, if not the best solar panel installations company in Austin, Texas and I will explain why. When you install a solar panel system it's important you select a supplier with integrity, who will stand behind their product, does what they say, and will do at a reasonable price for the scope provided.

LightHouse Services has been working with professional staff for Residential and Commercial Resurfacing, Painting and Make Ready services since 2012. In our short history, our professional staff using the LightHouse platform have helped Make ready hundreds of homes and apartments in North Texas, and beyond.
