

Luminous 2kva 24v solar inverter price

Designed for high performance against the typically tough Indian grid conditions, Solarverter PRO is available in 2kVA, 3kVA options. Features: Rated AC power - 230V (single phase) Max Supported Panel Power - 2500 Wp, Input Voltage Range (Vmp) - 45V-85V. Charge Controller - MPPT, Input Voltage Range (Voc)- 57V-100V.

MCB protection against short circuit protection. Inbuilt isolation transformer to protect from grid surges and noise. Pure sine wave output for better performance & safety of connected loads. Safe for your home with comprehensive protection features such as short-circuit, reverse polarity, over temperature, etc.

Introducing the Luminous 2kVA MPPT Solar PCU, the Solarverter Pro, a cutting-edge solution to transform your energy consumption into an eco-friendly powerhouse. This intelligent solar inverter boasts a 2kVA capacity and features Maximum Power Point Tracking (MPPT) technology, ensuring optimal solar energy utilization for enhanced efficiency.

Solarverter PRO range from Luminous allows smart management of Solar Power, Grid Supply and Battery to deliver un-interrupted power for all electrical applications. It is designed for high performance against the typically tough Indian grid conditions.

The Luminous Solarverter 2kVA 24V Solar PCU is a high-quality solar inverter designed to meet the diverse energy needs of both commercial applications and homes/small shops. With its sleek and efficient design, this solar inverter seamlessly converts solar energy into usable power, reducing your dependency on traditional energy sources.

Luminous solar Inverter model solarverter Pro PCU 2KVA/24V, Capacity (KVA): 2 KVA Operating Voltage: 140 V-290 V Max supported panel power: 2000 Wp Nominal Battery Bank Voltage: 24 V 3 User Settable Saving Modes: Solar Mode, Solar+Grid Mode and
