## Nikon lithium battery charger

Long Cycle Life: LP EN-EL9 rechargeable lithium-ion battery can be charged and discharged 300-500 times and has excellent sustained lifespan, free from memory effect. Battery capacity: 2000mAh, voltage: 7.4V. ... MH-23 Quick Battery Charger for Nikon: for EN-EL9 EN-EL9a Battery Compatible with Nikon D40 D40X D60 D3000 D5000 Digital SLR Cameras.

A compact, go-anywhere charger that lets you charge a variety of Nikon battery types with a single device! The ProMaster Traveler Flex Lithium-Ion Battery Charger is compact, lightweight, and easy to use: just plug it in and charge your battery. A convenient LED light turns red when your battery is charging and green when charging is complete.

While all Nikon Rechargeable Lithium-ion batteries can be charged using a dedicated battery charger or charging adapter, not all cameras these days come with a charger because there are other more convenient options available. USB Charging is convenient, as it uses a USB cable to connect the camera with the power source.
