

Ongrid solar 3kw price

An off-Grid 3kW solar system is that one which does not need an electrical grid for its functionality. Rather, these panels of this solar system work on a battery that provides power to disseminate and accumulate solar energy. Even when the grid goes off, the system battery will be there for the energy supply.

The price for a 3kW on-grid solar system in Pakistan falls within the range of PKR 300,000 to 400,000. This cost covers solar panels, inverters, mounting structures, and installation. Ensuring the use of high-quality components is essential for ...
