This is Ryobi's 4V battery and is named the "Tek4". Ryobi claims that one of these batteries can last longer than 6,000 AA batteries. This is a lithium ion battery and will have that "fade free" power that other lithium ion batteries offer. Ryobi also states that their 4V battery will last for around 2,000 full charges before becoming defective.

About this item. ONBOARD FUEL GAUGE: The panels on the front of these high powered batteries will let you know, in 25% increments, how much power you have left to complete your ...
