The problem is the amount of detergent in the fuel (only V power has a high level of detergents in the Shell fuels) but it also contains 10% ethanol. Ethanol is hygroscopic and corrosive and even more so as the moisture content get higher.

Our best fuel just got better. Cleaner engines performance better, and no other premium fuel protects better than our Shell V-Power which 100% cleans critical engine parts to maximise engine performance. Experience maximum engine performance of our Shell V-Power at the price of Shell FuelSave 98. This offer is valid from: 18 October 2024, 7am ...

I'm just wondering what you guys think about "super" fuels like V-Power vs. using your own additives on normal fuel. V-Power is on average 10-11p more expensive than the supermarket fuel I normally get, and something like 4-5p more than the standard Shell fuel I think.. It's about £4-5 more over a normal tank of supermarket fuel.

Away from the Grand Prix themselves, Shell has over 50 technical staff working to maximise Shell V-Power race fuel and Shell Helix Ultra race lubricant formulations used by Formula 1 cars, with ...

Shell v power fuel system cleaner

mention "friction modifiers" or some such, similar to what they say about V-Power gas. Perhaps this doesn't show up in the MSDS ...

"Shell V-Power is actually 99 per cent the same as the fuel compounds used by the Ferrari F1 team," explained Dr Cantlay. The fuels are so close now you could get an F1 car to run on V-Power, or ...

Shell V-Power NiTRO+ contains the highest concentration of the Shell Nitrogen Enriched Cleaning System and cleans up faster than Shell regular. In fact, Shell V-Power now contains seven times the amount of cleaning agents required by federal standards. The new Shell V-Power NiTRO+ formulation contains an innovative combination of two key ...

In my area (we dont have Chevron) so it seems like Shell VPOWER Nitro is the best cleaning premium fuel, but the question is, what is better at cleaning? a tank of regular 87 octane gas with a bottle of redline si-1/pea based cleaner or just a tank of shell v power nitro. Here in canada both combos are about the same price in the end.

The best petrol engine cleaners 2024 at a glance: Best petrol engine cleaner: STP Ultra 5-in-1 Petrol System Cleaner 400ml - Buy from Amazon. (plus \$10 Shell Gas Card rebate hehe) Has anyone used this new Shell V Power additive? It comes in two sizes; 12 oz. for 20 gallon tanks, and a huge bottle for up to 30 gallons lol Just wanted to get opinions, and mention that thru May you can try these for cheap and get free shell gas. Pretty cool with high gas prices now:muahaha: :welcome:

Introducing our fast acting performance fuel. Shell V-Power Nitro+ is designed to defend against gunk and corrosion. ... helping to prevent the corrosion of fuel system components. ... Cleaner engines perform better, which is why we created Shell V-Power Performance Petrol. ...

No, you don't. OEMs design engines to meet power, fuel economy, and emissions requirements at a specific minimum octane rating. Not only does Shell V-Power® NiTRO+ Premium Gasoline meet or exceed your engine's minimum octane requirements, but it is also the only grade of Shell gasoline that removes up to 100% of performance robbing deposits to rejuvenate the engine's ...

I haven't seen this discussed but I always thought that it was best to use a fuel system cleaner like Techron when you're doing just every day stop and go driving in which a tank of fuel would be consumed over a longer period of time. ... overdosing Techron into Shell V-Power or similar & taking a long highway run has fixed it. Occasional ...

Shell v power fuel system cleaner

Use shell V-power most of time but can be away in Europe/Morocco with varying quality fuels. Any recommendation to help with egr health? Also Tiguan "15 2.0tdi (partners car) which gets filled with whatever fuel she stops at (Morrison"s etc, despite telling her to use V-power) best option for egr/fuel system health??...

I"m interested to see if the Shell V-power really cleans out the engine a bit or not. for a few cents more per gallon it would come out to be pretty much equal to a bottle of FI Cleaner. [/quote] I can totaly vouch for Lucas. Probably the best single-step injector cleaner on the planet IMO. I can also vouch for the Seafoam.
