

Sol america energy

AB CarVal is an established investor in clean energy projects globally. Tully Blalock, who was promoted to serve as SolAmerica's CEO effective January 1, 2023, and the existing SolAmerica management team will continue to lead the company following the sale.

SolAmerica Energy is a leading provider of turnkey solar energy solutions, based in Atlanta, Georgia. We specialize in the development and the engineering, procurement, and construction (EPC) of ground-mount, rooftop, and parking canopy solar systems designed to meet the distributed generation needs of utilities and large commercial and ...

Are You Interested in a Solar Project on Your Land? SolAmerica works closely with landowner partners to successfully plan and develop solar projects. We are interested in discussing opportunities to lease or purchase suitable land for solar developments throughout the US.

By partnering with SolAmerica, businesses can deploy solar energy solutions that serve as a valuable hedge against rising utility rates and provide predictable electricity costs for the 25+ year life of the solar project.

SolAmerica Energy is a leading provider of turnkey solar energy and storage solutions, based in Atlanta, Georgia. We specialize in the development and engineering, procurement, and construction (EPC) of ground-mount, rooftop, and parking canopy solar systems designed to meet the distributed generation needs of utilities and large commercial and ...

SolAmerica's leadership team has a passion for solar energy. With a unique blend of entrepreneurship and management experience in renewable energy, real estate development, finance, and construction, we understand the challenges facing businesses and utilities as they launch into a renewable energy future.

SolAmerica Energy is a leading provider of turnkey solar energy and storage solutions, based in Atlanta, Georgia. We develop, engineer, construct, own and operate ground-mount, rooftop, and parking canopy solar systems designed to meet the distributed generation needs of utilities and large commercial and industrial facilities.

SolAmerica provides turnkey Engineering, Procurement and Construction (EPC) services to commercial, utility and public sector clients. Our solar services include design, permitting, procurement, construction and interconnection of the project with the customer site or utility grid.
