SunPower is the brand that offers the most efficient solar panels in the industry, converting up to 22.8% of sunlight into electricity.. If you're looking for a combined roof plus solar system, SunPower now offers OneRoof, which is specially designed for new construction homes and/or complete roof replacements.. Unlike other solar roofs, the SunPower OneRoof does not ...

Both solar roofing and traditional roofing have their pros and cons. Before making your decision, consider your budget, aesthetic preference, long-term goals, and environmental impact. Although it may be more expensive at first, going solar has a lot of benefits and for both the environment and your wallet, which makes it totally worth it!

During this 60-min visit, a Trinity Solar Expert will: Give you a customized quote and design proposal; Assess your roof to confirm it qualifies for solar; Analyze past utility bills to see how much electricity you need; Calculate how much you could save with solar; Present payment and financing options
