Solar energy company directory

Here is the complete list of top solar energy companies/manufacturers/brands in India: 1. Loom Solar . Loom solar company is a world-leading provider of renewable energy solutions, including solar electric panels and off-grid solar systems. It was founded in 2009 to provide poor people with access to energy services.

It manufactures all the products it installs: panels, batteries, inverters, EV chargers, and monitoring app. This allows its products to work together seamlessly to maximize power output and efficiency. It operates in all 50 states, though not in all ZIP codes, either with its own employees or company-certified local installers.

Discover Novel Solar, Nigeria's leading solar energy company. Offering top-quality solar panels, inverters, batteries, and more to power homes and businesses with sustainable, reliable energy solutions.
