Lorde has been working on Solar Power for several years now. Back in 2019, she told fans that she had to delay the project's release after her dog died. In May 2020, she updated fans again ...

Solar Power:9/10 To hear solar power for the first time is equivalent to trying to stare at an eclipse without glasses:it will make you look away at the risk of going blind. That seems to have been the general consensus. Lorde's return came with a bright warning as SP bright lead single invited us to join her on her idyllic commune.

TLDR Context: AI enhanced Melodrama album art. Context: My sister asked me to find her a high-res version of the Melodrama album art to set as her wallpaper on a 4K screen. Unfortunately the best we could find online was 1800x1800 (thanks to this reddit.) So using AI, I upscaled that version up to 7200x7200.

News of a brand-new single, titled "Solar Power" and due sometime in 2021, dropped on Monday, along with some truly striking cover art. ... This album cover may, in fact, be the defining work ...

The album was preceded by Going South, a June 2021 memoir documenting Lorde's 2019 visit to Antarctica, which she dubbed as the precursor to the album.She stated the title Solar Power was inspired by the trip, and that she &quot;felt like [she] could just chill out and flex a little bit&quot; while creating the record. Three singles were released before the album; the lead single and title track, &quot;Solar ...

The album cover is so funny, because I think she was trying to make some kind of point about people showing off their bodies on Instagram to get fans/engagement, and how self-image revolves around that feedback loop of likes. ... I'm still surprised he was and still is so high on the song Solar Power. I honestly can't recall when I've been more ...

Overview Background and recording Writing and production Music and lyrics Songs Release and promotion Critical reception Commercial performance Solar Power is the third studio album by New Zealand singer-songwriter Lorde. It was released on 20 August 2021, by Universal. Inspired by the death of her retriever cross dog Pearl and visit to Antarctica in 2019, the album was written with producer Jack Antonoff to capture solipsism and summer escapism, mainly focused on Lorde's leisure time in her homeland New Zealand, simultaneously expressing her disdain for fame and celebrity culture.

Show off your butt in all its peach emoji glory. Solar Power will be released on August 20, 2022 on Republic Records. See her interview below, and check out the cover art below, if you haven't seen it yet. Stephen Colver said that he couldn't show the cheeky "Solar Power" cover on live TV.

Solar Power might well be seen as just that: an album to kick back with on a summer's day. But there is, as Lorde puts it, "deep and shallow" to this record. There are meditations on celebrity culture ("California") and the wellness industry ("Mood Ring"), alongside sorrow for the destruction of the natural world.

All the typical themes of a break up album are there but it's always felt kinda too fixated on it. Its a little bit flat in that regards. Solar Power is so rich in its various themes and more contemplative on family, growth, trying to figure out what you want in life and what you're fine with. This one's gonna be one to dissect.

Solar Power 's final track, "Oceanic Feeling", is Lorde's longest song to date, and one of the two songs on the album with O'Connor's exclusive writing credits (alongside the album's opener, "The Path"). Its title comes from Romain Rolland 's concept of a feeling of oneness with the world.
