Jackery SolarSaga 200 (the largest of their SolarSaga series) is my top choice for portable solar panels because it's highly efficient and large enough for plenty of uses. It's also one of the lightest and least expensive for its size. Pair it with the Jackery Explorer 2000 power station, and you get CNET's favorite solar generator.

The Jackery Solar Generator 1000 is a complete solar-powered portable power station package, which is why we think it's the best option for off-grid camping. You can take any good portable power station camping and get good use out of it, as long as you don't mind closely monitoring your power usage. The difference with the Jackery Solar ...
