

## Solar service

Solar as a Service lets you buy clean, affordable solar power that is generated on your roof by solar panels that Sunrun owns and manages. We provide the solar panels, the installation, and the maintenance of all the solar panels, and you purchase the solar power produced just like you would normally purchase energy from a local utility company .

We service all solar PV systems from homes to businesses, from rooftop to ground-mounted arrays, and from storage to non-storage systems. We work with a variety of inverters, racking, batteries, and modules, so our team is well-qualified to keep your array up and running.

Through web services or by phone, the SolarEdge service team provides support for all needs before, during and after installation - whenever it is needed. Log, track and update a SolarEdge support case, 24/7 with the SolarEdge Service Portal.
