Some solar panels can run as high as \$600. The total number of solar panels you need will depend on your home's size and energy needs. Remember, solar panel prices do not include the cost of inverters, racking, and other necessary parts for a complete system installation. That's why it's financially wiser to get a complete solar kit.

We specialize in the sale and installation support of complete solar kits, solar generators, inverters, batteries and more. We help anyone looking for a solar power system for their home, off grid cabin, tiny house, boat, or RV. Browse the largest selection of solar panel kits & equipment at the best online prices.
