Sunrun launched in Texas in 2017, providing solar to residents in the Dallas-Fort Worth and Houston areas. The company brought Brightbox battery storage to the Lone Star State in 2019, enabling many Texans to keep the lights on and space heaters running during the most recent extreme-weather-related utility blackouts.

Sunrun buys the solar system, installs it on customers' roof, and monitors and maintains the solar panels for the next 20 years. The company's goal is to create a planet run by the sun. Sunrun provides services in 23 US states, and employs more than 3,000 people.
