

# The office of energy efficiency and renewable energy

The Office of Energy Efficiency and Renewable Energy (EERE) uses multiple news outlets to share the latest clean energy technology updates and community successes. ... Office of Energy Efficiency & Renewable Energy Forrestal Building 1000 Independence Avenue, SW Washington, DC 20585. Facebook Twitter LinkedIn.

DOE's Office of Energy Efficiency and Renewable Energy funds research and development that accelerates progress toward smarter, more energy-efficient, and flexible buildings and industrial processes to enhance grid resilience. ... Office of Energy Efficiency & Renewable Energy Forrestal Building 1000 Independence Avenue, SW Washington, DC ...

These frequently asked questions cover topics on everything from EERE's mission, tax credits and financial assistance to home energy and training. If you don't find the answer to your ...

The Office of Energy Efficiency and Renewable Energy offers various technical assistance supporting energy efficiency and renewable energy. This technical assistance can include direct advice on issues or goals, tools and maps, and training. This in-kind support may be independent or in addition to direct funding.

Office of Energy Efficiency & Renewable Energy Forrestal Building 1000 Independence Avenue, SW Washington, DC 20585. Facebook Twitter LinkedIn. An office of. About Office of Energy Efficiency & Renewable Energy. EERE Home ; EERE Publications ; Contact EERE; Energy.gov Resources. Budget & Performance;

The U.S. Department of Energy's (DOE) Office of Energy Efficiency and Renewable Energy (EERE) Building Technologies Office (BTO) announced a \$90 million Funding Opportunity Announcement (FOA) titled Bipartisan Infrastructure Law (BIL): Resilient and Efficient Codes Implementation (RECI). The current FOA represents the second installment in the RECI ...

OverviewMissionHistoryManagement and organizationEERE technology sectorsPublic outreachExternal linksThe Office of Energy Efficiency and Renewable Energy (EERE) is an office within the United States Department of Energy. Formed from other energy agencies after the 1973 energy crisis, EERE is led by the Assistant Secretary of Energy Efficiency and Renewable Energy (Assistant Secretary), who is appointed by the president of the United States and confirmed by the U.S. Senate. Alejandro Moreno currently leads the office as the Acting Assistant Secretary.

The Office of Energy Efficiency and Renewable Energy (EERE) is working to build a clean energy economy that benefits all Americans. Learn about our work in energy efficiency, renewable energy, and sustainable transportation, and how you can become a Clean Energy Champion.

# The office of energy efficiency and renewable energy

The U.S. Department of Energy (DOE) today selected four organizations to receive nearly \$8.4 million to develop technologies that will improve grid reliability, optimize electricity infrastructure, and facilitate grid connection with renewable resources. DOE's Office of Electricity (OE) and Office of Energy Efficiency and Renewable Energy ...

The U.S. Department of Energy (DOE) plays a leading role in developing new technologies and procedures that reduce the environmental impacts of renewable energy. DOE's Office of Energy Efficiency and Renewable Energy (EERE) supports responsible clean energy development by funding research that protects wildlife from not only the impacts of ...

The U.S. Department of Energy (DOE) Solar Energy Technologies Office (SETO) is part of the Office of Energy Efficiency and Renewable Energy (EERE). We advance national progress on climate action, clean energy job creation, and energy justice. ... Office of Energy Efficiency & Renewable Energy Forrestal Building 1000 Independence Avenue, SW ...

Today, the U.S. Department of Energy's (DOE) Office of Energy Efficiency and Renewable Energy announced a \$156 million funding opportunity that will advance high impact applied research, development, and demonstration (RD& D) projects to reduce greenhouse gas (GHG) emissions across the U.S. industrial sector.

Apply to join the U.S. Department of Energy's Office of Energy Efficiency and Renewable Energy, and help solve one of the greatest challenges of our time. U.S. Department of Energy ... Office of Energy Efficiency & Renewable Energy Forrestal Building 1000 Independence Avenue, SW Washington, DC 20585. Facebook Twitter LinkedIn.

In partnership with the Office of Energy Efficiency and Renewable Energy's Strategic Analysis team, the National Renewable Energy Laboratory developed a two-part informational guide to help stakeholders understand power system model results. The 10th Annual Electricity Sector Technology Baseline .

The Office of Energy Efficiency and Renewable Energy (EERE)'s mission is to accelerate the research, development, demonstration, and deployment (RDD& D) of technologies and solutions to equitably transition America to net-zero greenhouse gas emissions economy-wide by no later than 2050, and ensure the clean energy economy benefits all ...

The U.S. Department of Energy's Office of Energy Efficiency and Renewable Energy (EERE) is committed to leading the nation's transition to a clean energy economy for these reasons. Read about how EERE worked to bring clean ...

The Golden Field Office was designated a Department of Energy (DOE) field office in December 1992 to provide the Office of Energy Efficiency and Renewable Energy (EERE) with enhanced capability to develop

# The office of energy efficiency and renewable energy

and commercialize renewable energy and energy-efficient technologies.

The Building Technologies Office (BTO) develops, demonstrates, and accelerates the adoption of cost-effective technologies, techniques, tools and services that enable high-performing, energy-efficient and demand-flexible residential and commercial buildings in both the new & existing buildings markets, in support of an equitable transition to a decarbonized energy system by ...

A listing of technology areas and technology offices within the U.S. Department of Energy's Office of Energy Efficiency and Renewable Energy. The History of EERE From the launch of federal energy and research agencies in the 1970s to legislation dedicating resources to clean energy research, EERE has a rich history that has shaped its mission.

The Office of Energy Efficiency and Renewable Energy (EERE) answers questions about EERE's products, services, and technology programs, and refers callers to the most appropriate EERE ...

Office of Energy Efficiency and Renewable Energy | U.S. Department of Energy | 45,400 followers on LinkedIn. Our mission is to create & sustain American leadership in the transition to a global ...

With the holidays behind us and the work of a new year well underway, the Office of Energy Efficiency and Renewable Energy (EERE) can look back with pride on the remarkable achievements of 2022. Huge funding allocations, breakthrough innovations, and new, ...

The Office of Energy Efficiency and Renewable Energy (EERE) invests in research and development to lower the cost of clean energy technologies, protect the private sector from financial risk, and ensure an equitable transition to a ...

Today, the U.S. Department of Energy's (DOE's) Office of Energy Efficiency and Renewable Energy (EERE) announced more than \$20.1 million in federal funding for 58 projects supported by DOE's Office of Technology Transitions Technology Commercialization Fund (TCF). The projects are a part of a larger Department-wide TCF effort, in which 82 ...

Jeff Marootian is the Principal Deputy Assistant Secretary in the Office of Energy Efficiency and Renewable Energy. He previously served as a Senior Advisor to Energy Secretary Jennifer Granholm and as Special Assistant to the President in the Biden-Harris White House. He was also a member of the Biden-Harris Presidential Transition Team.

The study, done in partnership with the U.S. Department of Energy and with funding support from the Office of Energy Efficiency and Renewable Energy, is an initial exploration of the transition to a 100% clean electricity power system by 2035--and helps to advance understanding of both the opportunities and challenges of achieving the ...

# The office of energy efficiency and renewable energy

The U.S. Department of Energy's (DOE) Office of Energy Efficiency and Renewable Energy (EERE) selected 31 projects led by national laboratories, industry, and academia to accelerate research, development, and demonstration (RD& D) in domestic manufacturing. With over \$61 million in federal funding, the selectees will drive innovation to ...

The 2016-2020 Strategic Plan and Implementing Framework from the Office of Energy Efficiency and Renewable Energy (EERE) is the blueprint for launching the nation's leadership in the global clean energy economy. Plan highlights include:

Alejandro Moreno is the Associate Principal Deputy Assistant Secretary for the Office of Energy Efficiency and Renewable Energy at the U.S. Department of Energy (DOE). He provides advice and leadership in the strategic planning, execution, and oversight of the EERE portfolio. ... Office of Energy Efficiency & Renewable Energy Forrestal Building ...

EERE is working to achieve U.S. energy independence and increase energy security by supporting and enabling the clean energy transition. The United States can achieve energy independence and security by using renewable power; improving the energy efficiency of buildings, vehicles, appliances, and electronics; increasing energy storage capacity; and ...

It defines energy efficiency and renewable energy and describes why quantifying the multiple benefits of energy efficiency and renewable energy may be valuable to a decision maker or analyst. This chapter sets the context for the subsequent chapters that describe the framework, methods, and tools analysts can use to quantify the electricity system,

Office of Energy Efficiency & Renewable Energy. Main navigation. Vehicle Technologies Office Home About EERE About EERE. Contact EERE ... Office of Energy Efficiency & Renewable Energy Forrestal Building 1000 Independence Avenue, SW Washington, DC 20585. Facebook Twitter LinkedIn.

The Office of Energy Efficiency and Renewable Energy (EERE) answers questions about EERE's products, services, and technology programs, and refers callers to the most appropriate EERE resources.
