

Victron solar inverters

Victron's extremely resilient inverter/chargers protect your loads like a vault, monitoring the incoming power on all parameters. Our Professional duty inverters safely power sensitive electronics thanks to the pure Sine Wave.

All-in-one solar power solution. The EasySolar combines a MPPT Solar Charge Controller, an inverter/charger and AC distribution in one enclosure. The product is easy to install, with a minimum of wiring. Models: 1600VA. Where to buy.

All-in-one solar power solution. The EasySolar-II GX combines an MPPT Solar Charge Controller, an inverter/charger and control hub in one enclosure. The product is easy to install, with a minimum of wiring. Models: 3000VA, 5000VA. Where to buy.

The Multi RS Solar 48/6000 is a 48V 6kVA Inverter/Charger with two independent 3kWp PV 450V MPPT tracker inputs for 6kWp PV total. Thanks to high frequency technology and a new design this powerful inverter weighs only 11kg.

Virtually unlimited power thanks to parallel operation. Up to 6 Quattros can operate in parallel to achieve higher power output. Three phase or split phase operation is also possible. Please check our datasheets to see which models have paralleling, three phase and split phase capabilities.
