

# What does the moon on snapchat mean

The crescent moon on snapchat represents the "do not disturb" feature. When you enable this feature, notifications from snapchat won't disturb you while you're asleep. The recipient of the snap or message you sent will know you turned on the "do not disturb" feature when they see the crescent moon icon instead of a delivered receipt on their end.

Snapchat, the popular social media platform, is known for its ephemeral content and unique features. Among these features is the "ring" system, which appears around a user's profile picture.

If your friend has entered a birthday in Snapchat, their zodiac sign usually shows up as a purple box - though depending on the system you're using, they may look a little different than the one above. As long as you realize what you're looking at, these icons give you an idea of when their birthday is, even if you don't know the exact date.
