As an international pioneer in solar energy, REC Group, headquartered in Norway with operational hubs worldwide, is renowned as Solar's Most Trusted brand.

Solar power banks are designed using solar panels on the sides that convert sunlight rays into direct current electricity, then transmit that energy through a controller to a lithium battery that stores the energy until it's ready to use. Again, solar energy is free, unlike fuel-reliant mechanical generators that need constant refilling.

We carry a large selection of solar panels for sale from small trickle charge 10 - 20 watt panels to large commercial 400+ watt panels. Buy solar panels direct online or call us! EcoDirect 888-899-3509
