Language Is Symbolic. Our language system is primarily made up of symbols. A symbol is something that stands in for or represents something else. Symbols can be communicated verbally (speaking the word hello), in writing (putting the letters H-E-L-L-O together), or nonverbally (waving your hand back and forth). In any case, the symbols we use stand in for ...

Word Power Made Easy is a comprehensive vocabulary-building system created by legendary grammarian Norman Lewis. Do you know what the Sapir-Whorf hypothesis is? If not, it argues that language impacts your ideas; in other words, a Russian genuinely distinguishes more hues of blue than an American simply because the Russian language has more ...
