Converting from one voltage to another? Not a problem. Our DC-DC converters come in two types, isolated and non-isolated. DC-DC converters are available with a number of different mountings, including PCB, chassis, DIN rail, wall or 19" rack mounted. They're also available enclosed with screw terminals.

Szanowni Państwo! Zgodnie z naszą wcześniejszą zapowiedzią wprowadziliśmy nowe produkty do naszej oferty. Zapraszamy do zapoznania się z produktami marek LD Systems, LD Premium i Defender (przejazdy kablowe). Wysoka jakość wykonania, świetne brzmienie i niska cena, to wspomniane cechy wszystkich produktów.

SHV steht für Super-High-Voltage und wie die Bezeichnung bereits verrät, arbeitet die PowerBox Competition SHV mit deutlich höherer Spannung als bisherige 8.4V Systeme. Bis zu 35V können als Eingangsspannung angeschlossen und an die Servos redundant weitergegeben werden.

High-performance brushless speed controller with 32-bit technology and Telemetry for PowerBox, Jeti and Futaba radio control systems. Discover now! Mobile Terminal. Now Available! The Mobile Terminal is a small, convenient handset which is used to adjust and update all update-capable PowerBox products.

Simply start the motor of your vehicle and your CIC Powerbox(TM) will automatically connect itself to be recharged from your alternating electrical system. The simple 2 wire hookup is all that is required, one wire to the positive terminal of your battery, and one negative ground wire to the vehicle's chassis. No other modifications needed.
