I installed the battery cam pro with a solar panel instead of the camera with the base station which has a solar panel. The base station camera shows an icon when an external power source is attached. Battery Pro does not. I tried with the solar panel, then removed the camera and tried with the normal charging 120 to 5v set up, but no icon; when I contacted tech ...

I've had the cam for almost 2 weeks now, check the app daily sometimes multiple times. Again, it is NOT going up in %, it is going down. The status light does not come on. I have the cam mounted so will have to pull it down to try and plug in to ac. The panel is in direct sunlight (vegas sun) prior to mounting, the camera charged via plugging into ac, and also the battery ...
