FAQ: LiONColer X50/X40/X30/X15A. ... Android: "Solar Freezer" ; IOS: "Portable Freezer" Can the photovoltaic panel directly power the refrigerator without using batteries? No, because the power output of the photovoltaic panel is unstable, the compressor cannot be activated. If it is powered by an adapter, it can work without a battery.

After receiving a few ads and watching review videos I was sufficiently intrigued by the prospect of a 12v fridge with a built-in battery and integrated solar panel capabilities. I ordered the Lioncooler X50A kit which included 2 batteries, cords for 110v 12v plus a long cord for the solar panel, and a 90w tri-fold solar panel.
